now with the program attached...

Dear Chetec members,

we are organizing a one week neutrino graduate course in Debrecen, the lecturer is Kai Zuber from Dresden, who is a guest professor at Atomki this year.

Kai Zuber has a book on neutrino physics:

<https://www.crcpress.com/Neutrino-Physics/Zuber/p/book/9781420064711>

The dates are Nov.5-9, the location is ATOMKI, Debrecen, Hungary,

<http://www.atomki.hu/en/>

the planned program is attached.

Those who are interested from the Chetec community, should contact E.Leiter at [leiter@atomki.hu](mailto:leiter@atomki.hu) as soon as possible.

Please note that Chetec support cannot be used for this event.

Best regards,  
Zsolt Fulop
