

HUBBLE SPACE TELESCOPE

16th Anniversary Print Unveiling

Free Public Event & Reception

Thursday, May 4, 2006, 5:00–6:30 PM
Notre Dame Downtown
217 S. Michigan Street, South Bend, Indiana

NASA has designated the University of Notre Dame as one of 50 official sites to receive and display a spectacular 4 x 6 foot, 100 mega-pixel photo print of the starburst galaxy M82, made and released in honor of Hubble Space Telescope's 16th Anniversary.

- 5:00 PM** **What have we learned from Hubble?**
Prof. Peter Garnavich, ND Department of Physics
- 5:10 PM** **What are we going to see? Starbursts and M82**
Prof. Christopher Howk, ND Department of Physics
- 5:20 PM** **What makes Hubble so special?**
*Dr. Philip J. Sakimoto, ND Department of Physics
(formerly NASA Office of Space Science)*
- 5:30 PM** **16th ANNIVERSARY PRINT UNVEILING**
Commentary by ND astronomers
- 5:45 PM** **Public Reception**
